Survey

Homeowners: We have sent out our next Survey to you - If you do not find one in your usual email, please check your spam or junk email, it may be there!

We would appreciate your response by **June 15th**

Curtain Wall / Deck Coating SCHEDULE

On-going: With the membrane coating material delivered, the deck coating project has resumed, the work is on-going on the south side the additional swing stage at the '02 deck has been installed to expedite the process. If there is no need for pressure washing on the decks in the units in the '09 stack going to '00, '01, and '02 stacks (the deck surfaces must be fully dried before the coating primer can be applied), TG will continue with the deck membrane on the '09 stack - some decks have been completed (starting with the top unit) going down. TG will be on the South elevation for at least the next 2-3 weeks.

They might on occasion need to work on Saturday starting no earlier than mid-June if there are too many rainy days during the week. Once the deck scope has started there can be no access, even during off hours. Please refer to the Post email and letter.

Thank you,
